HOW TO SOLVE A WORD SEARCH

Find all the hidden words in the grid. Words run left to right, top to bottom, or diagonally down in either direction — never backwards.

TIPS:

- Scan the grid row by row first
- Look for uncommon letters (Q, Z, X, J) as starting points
- Circle or highlight each word as you find it
- Cross off words from the word list as you go
- Some letters may be shared between words

Good luck and have fun!
